

Hi -

In just a few weeks, you and several hundred other cyclists will ride through history, as you traverse the oldest and largest network of gravel roads in the United States. Prepare for an amazing day!

To space out the field of riders, we will be using staggered check-in times. The 80 miler riders will check in from 7:30am-8:15am; 60 mile riders from 8:15am-9:30am, and 40 mile riders from 9:30am-10:45am. Action is required...see below.

Your check-in time is an assigned window when you will check in for the ride and get your bike plate. After you check in, you will immediately enter the start queue. We will be starting small groups of 10 riders every few minutes. Please plan on arriving at Salamander 20 to 30 minutes before your assigned check-in time. This will allow you time to park, get your bike ready, and use the bathroom before you check in and start the ride. You will receive your finish swag and tee (if you purchased one) AFTER you finish the ride.

Please select the link below to edit your registration and select your check-in time. Scroll down to the additional information section. Note that the check-in window selection is on a first-come, first-served basis. If you do not complete this check-in window selection process by 5/31, your check-in window will be selected for you.

***** the direct link to edit your registration is your confirmation email *****

Other items:

- If you no longer wish to ride, you may cancel your registration and receive a refund. Per our existing policies, any cancellation requests must be made by 5/31 to receive a full refund (minus the BikeReg processing fee). *Simply reply to this email to request a refund.*
- If you did not order a t-shirt during registration, you may still order a tee by 5/31. Do this via the [BikeReg registration page](#).
- If you did not order a post-ride meal during registration, you may still order a meal by 5/31. Do this via the [BikeReg registration page](#).

A complete pre-ride information email will be sent to all riders 5 to 7 days before the ride with all the details about the ride.

We're looking forward to seeing you at the Loudoun 1725 Gravel Grinder on June

13th!

Andy
